

European and Swiss Congress of Internal Medicine 2014 14 - 16 May 2014, Geneva, Switzerland

Symposium Integrated health care: Elucidating the concept and principles and reflecting on implementation and evaluation for Switzerland -

Palexpo Geneva, 15 May 2014, 14.00 - 18.00

In order to register only for the Symposium "Integrated health care" symposium on Thursday 15 May 2014, please use the category **"Medical Assistant / Nurse (1Day Card Thursday)"**

Integrated health care is proposed as a relevant strategy to tackle the challenges of a reactive, uncoordinated and costly health care system that struggles with caring for an increasing group of elderly and multimorbid patients. In this symposium we will clarify, discuss and reflect the principles of integrated health care and present successful case studies.

Registration Fees
